STEP 1

Welcome to Our Team

In just a few short steps you'll be able to set up your personal fundraising page. We've made it easy by providing a template to help you get started, but you know your connections best! Feel free to tweak these suggested messages or write your own to promote your fundraiser in your own style.

Once your page is done it will be submitted to the campaign administrator for approval. You'll hear back via email if any changes are needed or that the page is active and ready to accept donations.

After your page is up and running, we'll also provide some templates you can use to reach out to your friends and family about your fundraising efforts and to thank those who donate.

Throughout the US, we are continuing to see an average increase of over 55% more people visiting food banks than before the pandemic. I'm launching a new campaign to help people struggling with food insecurity to eat more plant-rich foods, and it would be great if you were a part of it.

During April and May, Sodexo and the Stop Hunger Foundation are celebrating Servathon, my company's largest global Stop Hunger event where employees around the world join forces, engage their teams, and fight hunger in their local communities. Although many of us are unable to gather in large groups, we can still make a BIG impact by individually engaging in the Plant Forward Virtual

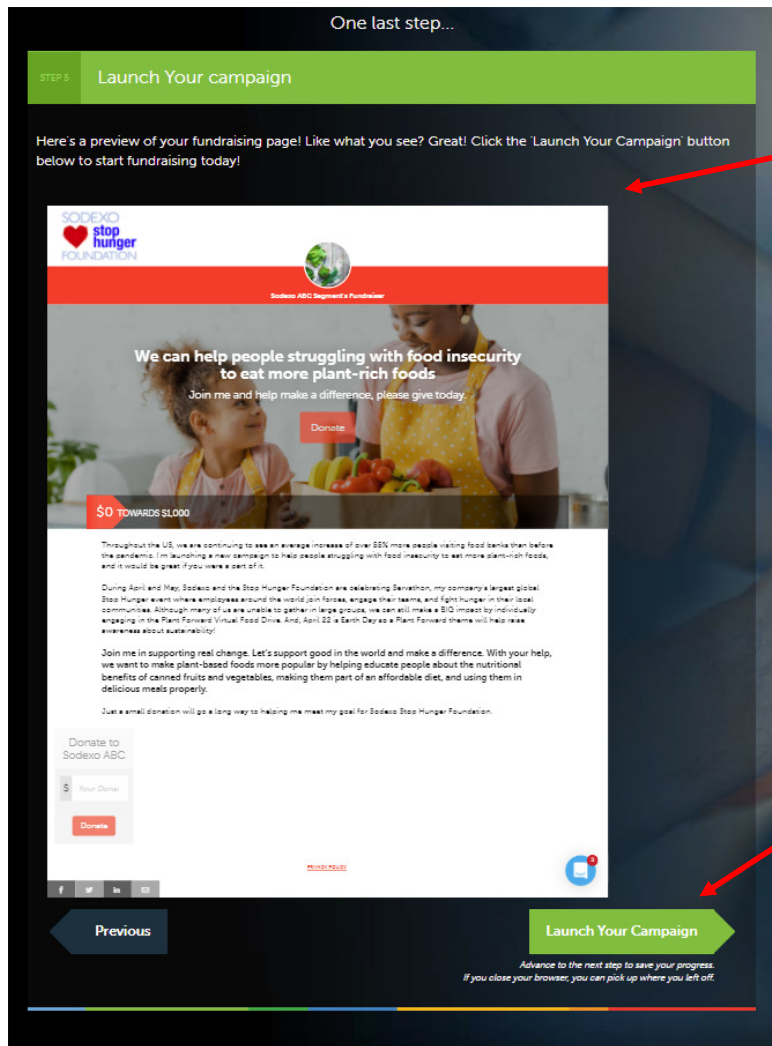

Enter a fundraising goal. We are recommending at least \$1,000. All funds benefit the Sodexo Stop Hunger Foundation or can be directed (at \$1,000 level or more) to a hunger charity (501c3) of your choice. No need to enter any banking or financial information.

For your ease, we have pre-populated the language for this fundraiser. If desired, you can slightly adjust if needed to help personalize the fundraiser.
