

Bright Futures Begin When Hunger Ends

Emergency response to COVID-19 elevated the importance of our mission

2020 By The Numbers

In The U.S.:

4,179,675 meals donated

\$2,238,717 donated

5,917,349 direct beneficiaries impacted

Around The World:

47 countries impacted

7.3 million meals distributed

\$8.6 million US dollars collected

Programs

The bright spot: Expanded food recovery programs and volunteer efforts helped bridge the gap between an increase in wasted food and increased need for food assistance.

169,450 free meals

were distributed to kids in 11 U.S. cities as part of our

Feeding Our Future® program

We collaborated with nonprofits to support backpack programs and campus food pantries, providing the equivalent of

1,254,524 meals

Centerplate, a Sodexo company, incorporated fresh produce into prepared meals through innovative means, like hydroponic gardening techniques, and helped provide

2 million+ meal equivalents

to those in need

Partnerships

The bright spot: Strengthening our partnerships and finding unique ways to offer food assistance helped us provide food aid where it was needed most.

We collaborated with Move For Hunger on the Front Porch Food Drive, safely collecting

4,500+ lbs. of food for those in need

We celebrated our 10-year partnership

We collaborated with Youth Service America (YSA), awarding

90 Youth Grants

to youth leaders to support hunger-related service projects

We participated in the Armed Service YMCA "Freedom Isn't Free" fundraising campaign, supporting efforts to ensure food security for military families
